## Congratulations Andrew Hanson

We would like to congratulate Andrew Hanson for the recent promotion to the Director of Financial Planning! He started with Academy Financial Inc. in December of 2018 as the Associate Director of Planning to work alongside Mike Mesick. After training for the last 6 months, he has officially taken over the director position following Mike's retirement of 23 years with us and we are very excited for this next chapter of his career! He has big shoes to fill, but we are confident he will do wonderful in the new position and make Mike proud.
